

Reduce Your Hail Risk

Stay safe by being prepared.

Amica

Plan Ahead

Have your roof inspected – and upgrade to high-performance shingles if possible.

🔗 [LEARN MORE](#)

Repair curling roof shingles and any other minor roof damage that could lead to larger problems.

If you've upgraded your home, make sure your **insurance is updated** as well.

🔗 [LEARN MORE](#)

Trim trees and shrubs.

🔗 [LEARN MORE](#)

Install protective screens on HVAC units to avoid damage.

In hail-prone areas, consider upgrading to steel gutters and downspouts.

If a Storm Is Coming

Ensure gutters and downspouts are clear of debris.

🔗 [LEARN MORE](#)

Move vehicles into a carport or garage, and bring personal property indoors.

Download the **Home Check by Amica™** app to keep these and other preparedness tasks organized. 🔗 [LEARN MORE](#)

During a Hailstorm

Stay indoors, away from skylights and doors.

Close windows and drapes to prevent broken glass from flying inside.

Driving During a Hailstorm

Stop driving as soon as you can. If possible, pull into a garage or under a shelter. Don't seek shelter under an overpass or bridge.

Don't leave your vehicle until it stops hailing.

If you can't avoid driving, turn on your headlights (low beams) and slow down to allow extra distance for braking.

Hail can be a warning sign for **tornadoes**. If the sky darkens and wind intensifies, park, stay buckled up and cover your head for protection.

After a Hailstorm

When rebuilding, invest in stronger building materials to avoid repeat damage.

Contact us as soon as possible to report damage and file a claim. 🔗 [LEARN MORE](#)
