

AMICA LIFE INSURANCE COMPANY

Statutory Financial Statements

December 31, 2017 and 2016

(With Independent Auditors' Report Thereon)

KPMG LLP
One Financial Plaza, Suite 2300
Providence, RI 02903

Independent Auditors' Report

The Board of Directors
Amica Life Insurance Company:

We have audited the accompanying financial statements of Amica Life Insurance Company (the Company), which comprise the statutory statements of admitted assets, liabilities, and capital and surplus as of December 31, 2017 and 2016, and the related statutory statements of income, capital and surplus, and cash flow for the years then ended, and the related notes to the statutory financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with statutory accounting practices prescribed or permitted by the State of Rhode Island Department of Business Regulation Insurance Division. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in note 2 to the financial statements, the financial statements are prepared by Amica Life Insurance Company using statutory accounting practices prescribed or permitted by the State of Rhode Island Department of Business Regulation Insurance Division, which is a basis of accounting other than U.S. generally accepted accounting principles. Accordingly, the financial statements are not intended to be presented in accordance with U.S. generally accepted accounting principles.

The effects on the financial statements of the variances between the statutory accounting practices described in note 2 and U.S. generally accepted accounting principles, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the variances between statutory accounting practices and U.S. generally accepted accounting principles discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles paragraph, the financial statements referred to above do not present fairly, in accordance with U.S. generally accepted accounting principles, the financial position of Amica Life Insurance Company as of December 31, 2017 and 2016, or the results of its operations or its cash flows for the years then ended.

Opinion on Statutory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the admitted assets, liabilities, and surplus of Amica Life Insurance Company as of December 31, 2017 and 2016, and the results of its operations and its cash flow for the years then ended, in accordance with statutory accounting practices prescribed or permitted by the State of Rhode Island Department of Business Regulation Insurance Division described in note 2 to the statutory financial statements.

Emphasis of Matter

As discussed in note 2 to the financial statements, the Company received permission from the State of Rhode Island Department of Business Regulation Insurance Division in 2014 to allow the Company to record directly to surplus the change in XXX reserves that is above the change in the reserves calculated on a discounted cash flow basis. The National Association of Insurance Commissioners' (NAIC) requires the entire change in XXX reserves to be recorded directly to net income under statutory accounting practices. If the change in XXX reserves were recognized in accordance with NAIC statutory accounting practices, net income would have decreased by \$11.1 million and \$10.7 million, and there would be no change in surplus in 2017 and 2016, respectively.

Other Matter

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information included in Schedule 1 – selected financial data, Schedule 2 – summary investment schedule, and Schedule 3 – supplemental investment risk interrogatories is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the State of Rhode Island Department of Business Regulation Insurance Division. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

AMICA LIFE INSURANCE COMPANY
(A Wholly Owned Subsidiary of Amica Mutual Insurance Company)

Notes to Statutory Financial Statements
(in thousands)

December 31, 2017 and 2016

Note 1 - Nature of Operations

Amica Life Insurance Company (the Company) is a wholly owned subsidiary of Amica Mutual Insurance Company (the Parent) and is a Rhode Island domiciled life insurance company. On a direct basis, the Company sells traditional life insurance products and annuities primarily to policyholders of the Parent. Beginning in 2012, Amica Life implemented a marketing campaign targeting new business outside of Amica Mutual's policyholder base. Amica Life previously wrote structured settlement policies that resulted primarily from Amica Mutual bodily injury claim settlements. Beginning in 2017, The Company made a strategic decision to forego actively marketing structured settlements. The Company is licensed in 50 states and the District of Columbia. A portion of the Company's net gain from operations is derived from individual annuity and structured settlement lines that are sensitive to changes in the market interest rates. Annuity considerations, as well as annuity and surrender benefits, can fluctuate as a result of changes in market interest rates.

Note 2 - Summary of Significant Accounting Policies

A. Basis of Presentation

The accompanying statutory financial statements have been prepared in conformity with the accounting practices of the National Association of Insurance Commissioners' (NAIC) *Accounting Practices and Procedures Manual* and the accounting practices prescribed or permitted by the State of Rhode Island Department of Business Regulation Insurance Division, which varies in some respects from U.S. generally accepted accounting principles (GAAP). The Company has no state basis adjustments.

On January 1, 2000, the NAIC Valuation of Life Insurance Model Regulation XXX set out valuation requirements for term life policies with long term guaranteed premiums. This regulation imposed significant increases in statutory reserves for life insurance companies that are viewed as redundant. Effective January 1, 2014, the Rhode Island Department of Business Regulation Insurance Division approved a permitted accounting practice to allow the Company to record directly to surplus the change in XXX reserves that is above the change in the reserves calculated on a discounted cash flow basis instead of recording the change in XXX reserves directly to net income as required by NAIC statutory accounting practices (NAIC SAP). This practice has no effect on the surplus of the Company nor its reserve position, as the Company continues to establish reserves in accordance with Rhode Island Regulation 93. If the change in XXX reserves were recognized in accordance with NAIC SAP, net income would have decreased by \$11,138 and \$10,711 and there would be no change in surplus as of December 31, 2017 and 2016, respectively.

If the Company had not used the above permitted practice that differs from the NAIC basis of accounting, a risk based capital regulatory event would not have been triggered.

(Continued)

AMICA LIFE INSURANCE COMPANY
(A Wholly Owned Subsidiary of Amica Mutual Insurance Company)

Notes to Statutory Financial Statements
(in thousands)

December 31, 2017 and 2016

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of Rhode Island as of December 31, 2017 and December 31, 2016 is shown below:

	State of Domicile	12/31/17	12/31/16
Net Income - Rhode Island Basis	RI	\$12,670	\$10,297
State Prescribed Practices - None	RI	0	0
State Permitted Practices - Change in XXX Reserves	RI	(11,138)	(10,711)
Net Income (Loss) - NAIC SAP	RI	<u>\$1,532</u>	<u>(\$414)</u>
Statutory Surplus - Rhode Island Basis	RI	\$310,163	\$278,821
State Prescribed Practices - None	RI	0	0
State Permitted Practices - None	RI	0	0
Statutory Surplus - NAIC SAP	RI	<u>\$310,163</u>	<u>\$278,821</u>

The statutory treatment of the more significant variances between GAAP and statutory accounting practices are:

1. Certain assets designated as "non-admitted", including equipment and the prepaid pension asset, are charged off against surplus.
2. Acquisition costs are charged to current operations as incurred, whereas premiums are taken into earnings over the premium paying period of the policies.
3. Life policy reserves are computed using net level and commissioners' reserve valuation methods and are based on statutory mortality and interest requirements without consideration of withdrawals, which may differ from reserves based on reasonably conservative estimates of mortality, interest and withdrawals.
4. Realized gains and losses on certain fixed income investments are deferred through an Interest Maintenance Reserve (IMR) and amortized over the remaining life to maturity of the investment sold.
5. The Asset Valuation Reserve (AVR) is reported as a liability through an appropriation of surplus.
6. Other postretirement benefits are provided for and related disclosures are presented in accordance with statutory requirements.
7. The bond portfolio is generally carried at amortized cost regardless of the level of portfolio activity.
8. All adjustments to deferred taxes are recorded through an adjustment to surplus and all deferred tax assets are subject to an admissibility test.
9. Certain adjustments to reserves are recorded through surplus instead of income.
10. The statutory financial statements do not include a statement of comprehensive income as required under GAAP.
11. The statutory statements of cash flow do not classify cash flows consistent with GAAP, and a reconciliation of net income to net cash provided by operating activities is not provided.

The effects of these differences on the statutory financial statements have not been determined.

(A Wholly Owned Subsidiary of Amica Mutual Insurance Company)

Notes to Statutory Financial Statements
(in thousands)

December 31, 2017 and 2016

B. Use of Estimates in the Preparation of the Statutory Financial Statements

The preparation of financial statements in conformity with accounting practices prescribed or permitted by the State of Rhode Island Department of Business Regulation Insurance Division requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses. It also requires estimates in the disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

1. Other-Than-Temporary Declines in Value of Investments:

The cost of securities is adjusted where appropriate to include a provision for decline in value which is considered to be other-than-temporary. An other-than-temporary decline is considered to occur in any investment except loan-backed and structured securities where there has been a sustained reduction in market value and where the Company does not expect the fair value to recover prior to the time of the sale or maturity. Since equity securities do not have a contractual cash flow at time of maturity, the Company considers whether the price of an equity security is expected to recover within a reasonable period of time. For loan-backed and structured securities that have a fair value less than amortized cost and the Company has either (1) intent to sell or (2) does not have the intent and ability to hold the security until recovery of its carrying value, the Company must impair the security to fair value and record an other-than-temporary impairment as a net realized capital loss. For loan-backed and structured securities where the Company does not expect to recover the amortized cost, but has the intent and ability to hold the security to recovery, the Company recognizes an other-than-temporary impairment for the credit related decline in value. Management regularly reviews securities that have a fair value less than cost to determine whether an other-than-temporary impairment has occurred. If a decline in value is considered other-than-temporary, the Company reports a realized loss on its statement of income. Credit related other-than-temporary impairment losses shall be recorded through the AVR; interest related other-than-temporary impairment losses shall be recorded through the IMR. Because of changing economic and market conditions affecting certain classes of assets, it is reasonably possible the Company will recognize other-than-temporary impairments in the future.

C. Investment Policy

1. Cash equivalents are stated at cost or amortized cost, which approximates fair value. Certificates of deposit in banks or other similar financial institutions with maturity dates within one year or less from the acquisition date are classified as cash.
2. Bonds not backed by other loans, loan-backed bonds and structured securities are generally stated at amortized cost using the scientific method.
3. Loan-backed bonds and structured securities are valued at amortized cost using the retrospective method (or a method which approximates the retrospective method). Prepayment assumptions for single-class and multi-class mortgage-backed and asset-backed securities were obtained from broker dealer survey values, nationally recognized data services or internal estimates.
4. Common stocks are stated at fair value.
5. Mortgage loans on real estate are reported at the unpaid balance of the loan. Interest earned on mortgage loans is accrued on the outstanding principal balance of the loan based on the loan's contractual coupon rate, less any service fees. The Company continually monitors the performance of each mortgage loan for any potential impairments. A mortgage loan will be temporarily impaired if it has been determined that the Company will be unable to collect principal and interest payments as described in the mortgage agreements, and a valuation allowance will be recorded in net unrealized capital losses as the difference between the fair value of the collateral and the carrying value of the loan. Refer to Note 2B for information on the Company's policy for determining other-than-temporary impairments.

(Continued)

AMICA LIFE INSURANCE COMPANY
(A Wholly Owned Subsidiary of Amica Mutual Insurance Company)

Notes to Statutory Financial Statements
(in thousands)

December 31, 2017 and 2016

6. Limited partnerships, classified as other invested assets, are carried at the Company's share of GAAP equity of the fund. The carrying value of funds at the end of the year is determined using the most recent available capital account balance as reported by each partnership.
7. Policy loans are reported at the aggregate unpaid balance.
8. Realized gains and losses on the sale of securities are determined on a specific identification basis and are included in either the interest maintenance reserve or net income, net of Federal income taxes. Unrealized capital gains and losses resulting from the valuation of investments at fair value are credited or charged directly to surplus. A decline in the market value of any investment security, excluding loan-backed and structured securities, below cost that is deemed to be other-than-temporary results in a reduction in the carrying amount to fair value. A decline in market value of loan-backed and structured securities below cost that is deemed to be other-than-temporary results in a reduction in the carrying amount in accordance with SSAP 43R, "Loan-backed and Structured Securities."

Fair value is generally the market value at the valuation date. The impairment is charged to earnings and a new cost basis for the security is established. Factors considered in evaluating whether a decline in value is other-than-temporary are:

- a. Whether the decline is substantial;
- b. The Company's ability to and intent to retain the investment for a period of time sufficient to allow for anticipated recovery value;
- c. The duration and extent to which market value has been less than cost;
- d. The financial condition and near term prospects of the issuer;
- e. The NAIC designation; and
- f. The estimated present value of cash flows expected to be collected is less than the amortized cost basis of the security.

Premiums and discounts are amortized or accreted over the life of the investment security as an adjustment to yield using the effective interest method. Dividend and interest income are recognized when earned.

D. Asset Valuation and Interest Maintenance Reserves

The Asset Valuation Reserve (AVR) is computed in accordance with an NAIC prescribed formula and represents a provision for possible fluctuations in value of bonds, equity securities, mortgage loans, real estate, and other invested assets. As prescribed under statutory accounting practices, the Company records an Interest Maintenance Reserve (IMR) which represents the after tax net accumulated realized capital gains and losses attributable to changes in the general level of interest rates realized on sales of short and long-term fixed income securities. Net realized gains and losses charged to the IMR are amortized into net investment income over the remaining life to maturity of the investment sold.

E. Asset Depreciation and Amortization Policy

Effective January 1, 2017, the Company amended its capitalization policy. Changes include explicitly defining the prepaid expense threshold as \$50, capitalization of qualifying expenses associated with projects in excess of \$50 and capitalization of internal labor costs on strategic projects to the extent they qualify. The policy maintains the \$5 de minimis limitation on capitalizing individual items for projects under \$50.

F. Policy Reserves

Policy reserves for life insurance are principally based on the 1941, 1958, 1980, and 2001 Commissioner's Standard Ordinary Mortality Tables; and the 1958, and 1980 Commissioner's Extended Term Tables, with assumed interest rates ranging from 3% to 6%.

(Continued)

AMICA LIFE INSURANCE COMPANY
(A Wholly Owned Subsidiary of Amica Mutual Insurance Company)

Notes to Statutory Financial Statements
(in thousands)

December 31, 2017 and 2016

Annuity reserves with life contingencies are based on the Annuity Table for 1949, 1983 Table A, the Annuity 2000 table and the 2012 IAR table. All nonlife contingent annuity reserves are valued based on the present value of future policy benefits at interest rates statutorily defined for the issue year of each contract. The interest rates range from 3% to 9%.

G. Revenue Recognition Policy

First year traditional life insurance premiums are recognized when the policy is written. Renewal traditional life insurance premiums are recognized on the policy anniversary date. Single and flexible premium and annuity considerations and universal life premiums are recognized when received.

H. Reinsurance

Reinsurance premiums, commissions, expense reimbursements, and reserves related to reinsured business are accounted for on a basis consistent with terms of the reinsurance contracts. Premiums ceded to other companies have been reported as a reduction to premium income. Amounts applicable to reinsurance ceded for future policy benefits and claim liabilities have been reported as reductions of these items, and commissions and expense allowances received in connection with reinsurance ceded have been accounted for in income as earned. Reinsurance contracts do not relieve the Company from its obligations to policyholders as the primary insurer.

I. Federal Income Taxes

The Company is taxed as a life insurance company under the Internal Revenue Code. Statutory net income differs from taxable net income due to unique provisions of the Federal income tax laws for life insurance companies, and due to differences in timing of income and expense recognition for financial statement reporting versus Federal income tax return reporting purposes.

The method of allocation between the companies is contained in a written agreement approved by the Board of Directors. Allocation is made in accordance with Section 1552(a)(2) of the Internal Revenue Code based upon separate return calculations with current credit for net losses. Intercompany estimated tax balances are settled at least quarterly during the tax year with a final settlement during the month following the filing of the consolidated income tax return.

The Company reports a deferred tax asset or liability for the expected future tax consequences of temporary differences generated by the differences between statutory accounting and the Federal income tax basis of accounting. Changes in deferred tax assets and liabilities are recognized as a separate component of gains and losses in surplus. Deferred tax assets are subject to certain admissibility requirements.

On December 22, 2017 the Tax Cuts and Jobs Act was enacted into law, reducing the Federal tax rate from 35% to 21%, effective for taxable years after December 31, 2017. The financial statement impact of the new tax law is discussed in Note 8D.

J. Fair Value of Financial Instruments

The following methods and assumptions are used by the Company in estimating its fair value disclosures for financial instruments:

1. Cash and Cash Equivalents

The carrying value reported in the statements of assets, liabilities, and capital and surplus for these instruments approximates fair value.

(Continued)

AMICA LIFE INSURANCE COMPANY
(A Wholly Owned Subsidiary of Amica Mutual Insurance Company)

Notes to Statutory Financial Statements
(in thousands)

December 31, 2017 and 2016

2. Invested Assets

The fair value of long-term bonds and debt securities and equity securities is based on market prices. In absence of publishers' market values, the fair value is based on market yields of securities from an identical issuer with similar maturities.

3. Other Invested Assets

The other invested assets, listed in Note 4D, are valued on the equity method.

4. Mortgage Loans

The fair value of mortgage loans is based on prices provided by a third party.

5. Policy Loans

The carrying value for policy loans in the statements of assets, liabilities, and capital and surplus approximates fair value and includes any unpaid principal plus any accrued interest which is ninety days or more past due.

6. Investment Contracts

The fair value for the deferred annuities is the cash surrender value which represents the account value less applicable surrender charges. Fair values for immediate annuities without life contingencies and supplementary contracts without life contingencies are estimated based on discounted cash flow calculations using current market rates. See Note 9.

K. New Accounting Standards

1. In June 2016, the NAIC adopted modifications to SSAP No. 103R, "Transfers and Servicing of Financial Assets and Extinguishment of Liabilities" to add disclosures related to short sale transactions and repurchase and reverse repurchase agreements. The modifications related to short sale transactions were effective January 1, 2017, and the modifications related to repurchase and reverse repurchase agreements were effective December 31, 2017. These modifications did not have an impact on the results of operations or the financial condition of the Company.
2. In June 2016, the NAIC adopted modifications to SSAP No. 26, "Bonds, Excluding Loan-backed and Structured Securities" and SSAP No. 43R, "Loan-backed and Structured Securities" to clarify the presentation and disclosure of investment income and realized gains and losses related to prepayment penalties. This requirement was effective January 1, 2017 with early adoption permitted. The Company has adopted this modification. See Note 4J for disclosure and additional information.
3. In December 2016, the NAIC adopted revisions to SSAP No. 2, "Cash, Drafts, and Short-Term Investments" requiring (a) the reclassification of money market mutual funds from short-term investments to cash equivalents and (b) using fair value or net asset value (NAV) as valuation for these investments. This modification was effective December 31, 2017 and has been adopted by the Company. See Note 4F for additional information.
4. In April 2017, the NAIC adopted modifications to SSAP No. 26R, "Bonds, Excluding Loan-backed and Structured Securities" to require the identification of instruments that will be measured using systematic value on January 1, 2018. This methodology is an option for accounting for NAIC-designated fixed income exchange traded funds rather than fair value (NAV) accounting. In addition, SSAP No. 26R was updated to clarify that other-than-temporary impairments should be recorded entirely to either the asset valuation reserve or interest maintenance reserve. This requirement was effective December 31, 2017. These modifications are not expected to have a material impact on the results of operations or the financial condition of the Company.

December 31, 2017 and 2016

5. In June 2017, the NAIC adopted modifications to SSAP No. 37, "Mortgage Loans" to provide clarification on the scope of SSAP 37. Mortgages acquired through assignment, syndication, or participation are in scope, but this is not intended to capture participating mortgages, real estate funds, or the securitization of assets. A mortgage loan participation is a loan arrangement in which there is one borrower with more than one lender identified in a single lending agreement. In a participating mortgage, the lender is entitled to a share in the rental or resale proceeds from the property by the borrower. In addition, disclosures are required about mortgage loans subject to a mortgage loan participation or co-lending mortgage agreement. This guidance was effective on issuance and the Company has adopted this modification. See Note 4C for additional information.
6. In August 2017, the NAIC adopted modifications to SSAP No. 1, "Disclosures of Accounting Policies, Risks, and Uncertainties, and Other Disclosures" clarifying that information on restricted cash, cash equivalents, and short-term investments is reported in the restricted asset disclosure. This guidance is effective December 31, 2019. This modification is not expected to have a material impact on the Company.
7. In November 2017, the NAIC adopted revisions to SSAP No. 100R "Fair Value" to allow the use of net asset value per share as a practical expedient and add disclosures to identify assets valued using NAV. This change is effective January 1, 2018 with early adoption permitted. The Company will adopt these changes beginning January 1, 2018.
8. In December 2017, the NAIC adopted revisions to SSAP No. 2R "Cash, Cash Equivalents, Drafts, and Short-Term Investments and 103R, "Transfers and Servicing of Financial Assets and Extinguishment of Liabilities" to clarify that acquisitions and disposals of shares in money market mutual funds are not subject to wash sale disclosure. This guidance was effective on issuance and did not have an impact on the results of operations or financial condition of the Company.
9. In February 2018, the NAIC issued INT 18-01, "Updated Tax Estimates Under the Tax Cuts and Jobs Act", which determined that insurance companies should use one of the following three methods to reflect the effects of the Act for year-end 2017 statutory financial statements: 1) a company must record the effects of the change in tax law for all accounting estimates that are complete; 2) a company should report provisional amounts (or adjustments to provisional amounts) for the effects of the tax law change where the accounting is not complete, but a reasonable estimate can be determined; 3) if a reasonable estimate cannot be determined for a specific effect of the tax law change, a company should not record a provisional amount and should continue to apply existing guidance in SSAP 101 based on the tax law in effect prior to the enactment on December 22, 2017. INT 18-01 also affords insurance companies a limited time, limited scope exception to SSAP 9, Subsequent Events, whereas changes in reasonable estimates from the Act are not required to be recognized as Type 1 subsequent events after the issuance of the statutory financial statements. See Note 10 for disclosure and additional information.

L. Going Concern

Management's review of relevant conditions and events, considered in the aggregate, indicate that it is probable that the Company will be able to meet its obligations as they become due within one year after the date that the financial statements are issued.

M. Reclassification

Certain 2016 balances were reclassified to conform to the 2017 presentation.

Note 3 - Accounting Changes and Correction of Errors

During the current year's financial statement preparation, the Company discovered an error relating to the prescribed valuation rates used for calculating deferred annuity reserves. The valuation rates used were not properly updated and applied to the deferred annuity policies issued in 2016. This error resulted in an

(Continued)

AMICA LIFE INSURANCE COMPANY
(A Wholly Owned Subsidiary of Amica Mutual Insurance Company)

Notes to Statutory Financial Statements
(in thousands)

December 31, 2017 and 2016

overstatement of reserves and an understatement of net income by \$975 at December 31, 2016. In the prior year, reserves for annuity contracts and increase in reserves for annuity contracts were overstated by \$975, and surplus was understated by \$975. Beginning surplus of the statutory financial statements was adjusted in the current year to correct the entire error of \$975.

In May 2016, the Company discovered an error relating to the calculation of reserves for immediate annuities and deposit-type contracts. This error resulted in an understatement of reserves and liability for deposit-type contracts and the overstatement of net income by \$369 at December 31, 2015. In the 2015 statutory financial statements, reserves for annuity contracts and the increase in reserves for annuity contracts were understated by \$148, liability for deposit-type contracts and interest and adjustments on deposit-type contracts were understated by \$221, and surplus was overstated by \$369. Beginning surplus of the 2016 statutory financial statements was adjusted in 2016 to correct the entire error of \$369.

The following accounting changes were recognized by the Company:

Effective January 1, 2013, the Company adopted SSAP No. 92, "Accounting for Postretirement Benefits Other Than Pensions, A Replacement of SSAP No. 14". This statement requires participants not yet eligible to retire to be included in the accumulated postretirement benefit obligation. The adoption of SSAP No. 92 created an additional accumulated postretirement benefit obligation for non-vested employees of \$5,495 and an additional transition liability of \$3,139 to recognize previously unrecognized items in the funded status. In accordance with this statement, the Company has elected to phase in the transition liability over a period not to exceed ten years and recorded the current year transition liability of \$1,437 in 2017 and 2016.

Note 4 - Investments

A. Bonds and Debt Securities

Bonds on deposit with various regulatory authorities, as required by law, totaled \$2,913 and \$3,053 at December 31, 2017 and 2016, respectively.

The amortized cost, gross unrealized gains and losses, and fair value of term bonds and debt securities are as follows:

	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Fair Value
2017				
U. S. government and Federal agency securities	\$373,575	\$7,429	\$3,078	\$377,926
States, territories and possessions	113,703	6,658	125	120,236
Political subdivisions of states	56,787	3,972	1	60,758
Special revenue and special assessment obligations	94,530	503	1,124	93,909

Notes to Statutory Financial Statements
(in thousands)

December 31, 2017 and 2016

The amortized cost and fair value of long-term bonds and debt securities at December 31, 2017 by contractual maturities are shown below. Expected maturities will differ from contractual maturities because securities may be called or prepaid with or without call or prepayment penalties.

	Amortized Cost	Fair Value
Due in one year or less	\$10,101	\$10,183
Due after one year through five years	102,768	105,469
Due after five years through ten years	228,820	238,315
Due after ten years	648,109	662,180
Total	\$989,798	\$1,016,147

B. Stocks

Stocks, which are carried at fair value, had a cost basis of \$34,463 and \$33,148 at December 31, 2017 and 2016, respectively.

The gross unrealized gains in the stock portfolio at December 31, 2017 and 2016 amounted to \$20,757 and \$15,798, respectively. Gross unrealized losses in the stock portfolio at December 31, 2017 and 2016 amounted to \$105 and \$49, respectively.

In addition to publicly traded stocks, the Company became a member of the Federal Home Loan Bank (FHLB) of Boston in 2017 and purchased \$1,651 of FHLB capital stock. This stock is restricted and held by the FHLB of Boston. The FHLB provides members with access to secured loans from the issuance of discounted notes or term debt funded by Federal Home Loan Banks. The Company may decide to use its FHLB membership in the future for contingent liquidity needs.

C. Mortgage Loans

The Company is a co-lender in first lien commercial mortgage loans with a carrying value of \$45,559 and \$18,949 as of December 31, 2017 and 2016, respectively. The maximum and minimum lending rates for commercial mortgage loans funded during 2017 were 4.7% and 3.8%. The maximum percentage of any one loan to the value of security at the time of the loan was 64.9%. There were no taxes, assessments, or any amounts advanced and not included in the mortgage loan total. The Company's fifteen commercial mortgage loans consist of four office properties, three retail properties, three industrial parks, two parking garages, two multi-family properties and a self-storage portfolio. All fifteen mortgage loans are current and there have been no impairments as of December 31, 2017.

The Company has no significant credit risk exposure to any one individual borrower. The Company monitors loan-to-value and debt service coverage ratios to monitor credit quality of its commercial mortgage loans on an ongoing basis. Loan-to-value ratios are determined from the most current appraisal and market data as of the annual statement date. The loan-to-value ratios for each of the Company's commercial mortgage loans as of December 31, 2017 was below 65%.

AMICA LIFE INSURANCE COMPANY
(A Wholly Owned Subsidiary of Amica Mutual Insurance Company)

Notes to Statutory Financial Statements
(in thousands)

December 31, 2017 and 2016

	Less than 12 months		12 months or more		Total	
	Unrealized Losses	Fair Value	Unrealized Losses	Fair Value	Unrealized Losses	Fair Value
2016						
U. S. government States, territories and possessions	\$2,384	\$180,799	\$468	\$18,013	\$2,852	\$198,812
Political subdivisions of states	408	16,206	0	0	408	16,206
Special revenue and special assessment obligations	8	1,507	0	0	8	1,507
Industrial and miscellaneous	1,316	67,091	240	12,542	1,556	79,633
Subtotal debt securities	2,648	107,475	177	4,803	2,825	112,278
	6,764	373,078	885	35,358	7,649	408,436
Common stock	47	1,346	2	43	49	1,389
Total temporarily impaired securities	\$6,811	\$374,424	\$887	\$35,401	\$7,698	\$409,825

1. Debt Securities: The unrealized losses of \$5,311 on investments in fixed income securities as of December 31, 2017 were substantially caused by increased interest rates and modestly wider spread levels. All of these securities with unrealized losses are rated NAIC Class 1 or 2 and full repayment of principal and interest is expected. The contractual terms of these investments do not permit the issuer to settle the securities at a price less than par, which will equal amortized cost at maturity. The Company's investments in loan-backed and structured securities are not considered other-than-temporarily impaired as the Company does not intend to sell, is not required to sell and the present value of cash flows expected to be collected is greater than the amortized cost basis of the securities.

As of December 31, 2017, investments in structured and loan-backed securities for which other-than-temporary impairment had not been recognized in earnings and which were in an unrealized loss position had a fair value of \$251,298. Structured and loan-backed securities in an unrealized loss position for less than 12 months had a fair value of \$110,877 and unrealized losses of \$853. Structured and loan-backed securities in an unrealized loss position for more than 12 months had a fair value of \$140,421 and unrealized losses of \$3,399. The Company asserts that it has the intent and ability to hold these securities long enough to allow the cost basis of these securities to be recovered. These conclusions are supported by an analysis of the underlying credit of each security. Unrealized losses are primarily attributable to increased interest rates and modestly wider spread levels.

2. Common Stocks: As of December 31, 2017, investments in unaffiliated common stocks in an unrealized loss position included holdings with a fair value of \$1,782 in 34 issuers. These holdings were in an unrealized loss position of \$105, of which \$6 was in an unrealized loss position for more than 12 months. The declines in value are attributed to market volatility that is not considered uncommon. Based on the Company's impairment review process discussed in Note 2B, the decline in values of these securities was not considered to be other-than-temporary as of December 31, 2017.

AMICA LIFE INSURANCE COMPANY
(A Wholly Owned Subsidiary of Amica Mutual Insurance Company)

Notes to Statutory Financial Statements
(in thousands)

December 31, 2017 and 2016

The adjusted cost basis and carrying value of unaffiliated common stocks were as follows:

	2017	2016
Adjusted cost basis	\$34,463	\$33,148
Gross unrealized gains	20,757	15,798
Gross unrealized losses	(105)	(49)
Carrying value	\$55,115	\$48,897

F. Fair Value of Financial Instruments

The use of different assumptions or valuation methodologies may have a material impact on the estimated fair value amounts.

The Company's valuation techniques are based on observable and unobservable pricing inputs. Observable inputs reflect market data obtained from independent sources based on trades of securities, while unobservable inputs reflect the Company's market assumptions.

These inputs comprise the following fair value hierarchy:

Level 1 - Observable inputs in the form of quoted prices for identical instruments in active markets.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active or other inputs that are observable or can be derived from observable market data for substantially the full term of the assets or liabilities.

Level 3 - One or more unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets and liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using internal models, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following table provides information as of December 31, 2017 and 2016 about the Company's financial assets and liabilities measured at fair value on a recurring basis:

2017	Level 1	Level 2	Level 3	Total
<u>Assets at fair value:</u>				
Common stock:				
Industrial and miscellaneous	\$53,464	\$1,651	\$0	\$55,115
Total common stock	53,464	1,651	0	55,115
Total assets at fair value	\$53,464	\$1,651	\$0	\$55,115
<u>Liabilities at fair value:</u>				
Total liabilities at fair value	\$0	\$0	\$0	\$0

(Continued)

AMICA LIFE INSURANCE COMPANY
(A Wholly Owned Subsidiary of Amica Mutual Insurance Company)

Notes to Statutory Financial Statements

December 31, 2017 and 2016

2016	Level 1	Level 2	Level 3	Total
<u>Assets at fair value:</u>				
Common stock:				
Industrial and miscellaneous	\$48,897	\$0	\$0	\$48,897
Total common stock	48,897	0	0	48,897
Total assets at fair value	\$48,897	\$0	\$0	\$48,897
<u>Liabilities at fair value:</u>				
Total liabilities at fair value	\$0	\$0	\$0	\$0

Level 1 financial assets totaling \$53,464 and \$48,897 at December 31, 2017 and 2016, respectively, include activity-traded exchange-listed equity securities, as well as several actively-traded diversified mutual funds. The Company uses quoted market prices provided by an independent pricing service to determine the fair values.

Level 2 financial assets totaling \$1,651 and \$0 at December 31, 2017 and 2016, respectively, include class B shares of capital stock in the FHLB of Boston, which is not actively traded on an exchange. The price of FHLB capital stock cannot fluctuate, and must be purchased, repurchased or transferred at its par value.

There were no transfers between Level 1, Level 2, or Level 3 in the current year. The Company recognizes transfers between levels at the end of the reporting period.

As of December 31, 2017, the Company did not hold any investments recorded at fair value with a Level 3 fair value measurement, although the Company holds investments that have Level 3 fair value disclosures. There were no purchases, sales, or settlements of Level 3 assets during 2017 and 2016.

There were no financial instruments where it was not practical to estimate fair value in 2017 and 2016.

G. Net Investment Income

Net investment income for the years ended December 31, 2017 and 2016 was as follows:

	2017	2016
Bonds and debt securities	\$34,888	\$35,359
Common stocks	1,026	1,290
Mortgage loans	1,525	500
Policy loans	593	620
Short-term investments	998	833
Other invested assets	4,118	2,464
Amortization of IMR	2,382	2,489
Miscellaneous income	303	293
Total investment income	<u>45,833</u>	<u>43,848</u>
Less investment expenses	<u>590</u>	<u>559</u>
Net investment income	<u>\$45,243</u>	<u>\$43,289</u>

(in thousands)

December 31, 2017 and 2016

H. Realized Gains and Losses

Realized gains and losses for the years ended December 31, 2017 and 2016 was as follows:

	2017	2016
Gross gains:		
Bonds	\$1,018	\$5,398
Stocks	4,660	6,156
Other invested assets	4,859	116
Total gross gains	\$10,537	\$11,670
Gross losses:		
Bonds	(\$268)	(\$1,101)
Stocks	(263)	(218)
Total gross losses	(\$531)	(\$1,319)
Other realized adjustments	(\$493)	(\$1,130)
Transferred net gains to IMR	(488)	(2,793)
Capital gains tax	(3,008)	(2,704)
Net realized capital gains (losses)	\$6,017	\$3,724

Proceeds from sale of long-term bonds and debt securities during 2017 and 2016 were \$25,014 and \$47,314, respectively. Gains and losses generated from these sales were transferred, net of tax, to the IMR and will be amortized into income over the remaining life to maturity of the investment sold.

Proceeds from the sale of stocks during 2017 and 2016 were \$26,021 and \$26,122, respectively.

Reflected in other realized adjustments in 2017 and 2016 is the loss in fair value of certain assets owned at the end of the reporting period which has been determined to be other-than-temporary. Losses of \$493 and \$1,130 in 2017 and 2016, respectively, were realized to write down the book value of certain assets to reflect their market value at the time of the write down.

I. 5* Securities

There were no investments in 5* securities as of December 31, 2017 and 2016.

J. Prepayment Penalties and Acceleration Fees

The Company recognized the following prepayment penalties for securities sold in 2017:

Number of CUSIPs sold	25
Aggregate amount of investment income	\$237

Notes to Statutory Financial Statements
(in thousands)

December 31, 2017 and 2016

Note 5 - Reinsurance

The Company cedes insurance to other insurers and reinsurers during the course of the year. Reinsurance agreements are utilized to limit maximum loss, provide greater diversification of risk and minimize exposures on larger risks. A summary of reinsurance financial data is presented below:

	2017	2016
Reinsurance ceded in-force	\$22,656,095	\$21,052,553
Reinsurance premiums ceded	38,577	36,210
Reinsurance reserve credit	226,624	200,081
Reinsurance premium receivable	31,104	28,034

A significant portion of the Company's reinsurance is provided by three highly rated domestic reinsurers. As of December 31, 2017, the top two reinsurers accounted for 87% of the outstanding recoverable balance. Four recoverables totaling \$73 were outstanding for 90 days or longer and have been non-admitted as of December 31, 2017. All other recoverables as of December 31, 2017 are current. No recoverables from reinsurers are in dispute. The Company believes that no exposure to a single reinsurer represents an inappropriate concentration of risk to the Company, nor is the Company's business substantially dependent upon any single reinsurer.

The Company remains primarily liable with respect to reinsurance ceded and, therefore, a contingent liability exists which could become a liability of the Company in the event that any reinsurer might be unable to meet obligations assumed under the reinsurance agreements. No provision has been made for this contingency in the accompanying statutory financial agreements.

Note 6 - Retirement Plans, Deferred Compensation, and Other Postretirement Benefit Plans

A. Defined Benefit Plan

The Company participates in its Parent's noncontributory defined benefit pension plan covering substantially all employees of the Company.

Prior to January 1, 2005, under the noncontributory defined benefit pension plan, the benefits were based upon years of service and the employee's average final compensation, usually the average of the final three consecutive years of credited service. Effective January 1, 2005, all pension credits for employees are based on career average pay. Pension credits vary based on years of service and the date of employment with the Company. No expense was recorded for 2017 and 2016 because, in accordance with SSAP No. 102, the Company's share of the net periodic recognized pension cost was \$0. The Plan is funded through a pension trust (Amica Pension Fund).

B. Postretirement Benefits

The Company provides postretirement medical insurance ("Postretirement Health Care") to retirees meeting certain eligibility requirements. On January 1, 2013 the Company adopted SSAP No. 92, "Accounting for Postretirement Benefits Other Than Pensions, A Replacement of SSAP No. 14". The Company has elected to phase in the transition liability over a period not to exceed ten years. In accordance with the guidance, the Company recognized \$1,437 in 2017 for a cumulative transition liability of \$7,729 recognized through December 31, 2017. The remaining \$729 will be recognized in 2018. The liability for this plan, including the transition liability, totals \$5,391 and \$6,620 as of December 31, 2017 and 2016, respectively. The periodic benefit cost for this plan totals \$810 and \$896 in 2017 and 2016, respectively.

Life insurance benefits ("Retired Life Plans") are based upon a multiple of salary and years of service at the date of retirement and are subject to a maximum benefit of \$1,000 for active employees and \$250 for retirees. The plan was amended in 2016 to increase the maximum active benefit from \$500 to \$1,000 and

(Continued)

AMICA LIFE INSURANCE COMPANY
(A Wholly Owned Subsidiary of Amica Mutual Insurance Company)

Notes to Statutory Financial Statements
(in thousands)

December 31, 2017 and 2016

the benefit for employees who retire after March 1, 2016 to \$25. This amendment reduced the Company's share of the benefit obligation by \$17. At December 31, 2017 and 2016, the Company recorded a liability of \$481 and \$349, respectively, for retiree life insurance benefits. The Company's share of the net periodic benefit cost for retiree life insurance benefits was \$73 and \$58 for 2017 and 2016, respectively.

C. Defined Contribution Plans

The Company participates with its Parent in a defined contribution savings plan covering substantially all employees of the Company. Various investment funds are provided for employee savings, and the employee contributions can be made on a before-tax or after-tax basis. The Plan has limitations as to the amount of both employee and Company contributions. The Company contributed \$574 and \$588 on behalf of participating employees in 2017 and 2016, respectively.

The Company also provides a deferred compensation plan for certain eligible officers. The Plan is a salary reduction plan in which no matching contributions are made by the Company on behalf of the Plan participants. As explained in Note 6D, certain deferred compensation liabilities are funded through the Amica Companies Supplemental Retirement Trust.

D. Other Plans

The Company provides or funds supplemental pension benefits and certain deferred compensation plan liabilities through the Amica Companies Supplemental Retirement Trust. The supplemental pension benefits are amounts otherwise payable under the Company's qualified pension plan which is in excess of that allowed under Sections 401 and/or 415 of the Internal Revenue Code. The trust's assets, which are invested in both debt and equity type securities, are valued at either amortized cost or market value, respectively. The Company's share of the trust assets was valued at \$4,617 and \$4,067 at December 31, 2017 and 2016, respectively. The Company has recorded \$2,866 and \$2,364 at December 31, 2017 and 2016, respectively to reflect the Company's obligation under this plan. Assets in excess of the plan's obligations are non-admitted. The Company's share of supplemental pension benefit expenses was \$299 and \$236 for 2017 and 2016, respectively.

AMICA LIFE INSURANCE COMPANY
(A Wholly Owned Subsidiary of Amica Mutual Insurance Company)

Notes to Statutory Financial Statements
(in thousands)

December 31, 2017 and 2016

8. Weighted average assumptions as of December 31, 2017 and 2016:

	Pension Benefits		Postretirement Benefits	
	2017	2016	2017	2016
<u>Measurement date for:</u>				
Net periodic benefit cost	12/31/17	12/31/16	12/31/17	12/31/16
Year-end benefit obligation	12/31/17	12/31/16	12/31/17	12/31/16
<u>Weighted-average assumptions used to determine benefit obligations at December 31:</u>				
Discount rate	3.80%	4.25%	3.80%	4.25%
Rate of compensation increase	4.00%	4.00%	n/a	n/a
<u>Weighted-average assumptions used to determine net periodic benefit cost for the years ended December 31:</u>				
Discount rate	4.25%	4.50%	4.25%	4.50%
Expected return on plan assets	7.00%	7.00%	5.00%	5.00%
Rate of compensation increase	4.00%	4.00%	n/a	n/a

The expected long-term rate of return on plan assets is based on what the Company believes is realistically achievable based on the types of assets held by the plan and the plan's investment practices. The assumption is updated at least annually, taking into account the asset allocation, historical asset return trends on the types of assets held and the current and expected economic conditions.

The Company measured benefit obligations using the Society of Actuaries RP-2014 Total Employee and Healthy Annuitant Mortality tables rolled back to 2006 and projected Mortality Improvement Scale MP-2017.

9. The benefits expected to be paid for Amica Mutual Insurance Company and Amica Life Insurance Company in each of the next five years, and in the aggregate for the five years thereafter are as follows:

Years	Pension Benefits	Postretirement Benefits
2018	\$58,713	\$18,182
2019	63,536	19,048
2020	65,721	20,178
2021	68,327	21,326
2022	77,207	22,385
2023 - 2027	415,587	119,102

(Continued)

AMICA LIFE INSURANCE COMPANY
(A Wholly Owned Subsidiary of Amica Mutual Insurance Company)

Notes to Statutory Financial Statements
(in thousands)

December 31, 2017 and 2016

10. The estimate of contributions expected to be paid by Amica Mutual Insurance Company and Amica Life Insurance Company during 2018 are as follows:

Pension and Postretirement Plans	Contribution
Amica Pension Fund	\$20,000
Supplemental Retirement Plan	2,837
Postretirement Health Care	15,552
Retired Life Reserve	1,884
Unfunded Retired Life Benefit	746

11. The assumed health care cost trend rate is 6.5% for 2017 with an ultimate health care trend rate of 4.5% reached in 2027.
12. Assumed health care cost trends rates have a significant effect on the amounts reported for the health care plans. A one-percentage point change in assumed health care cost trend rates would have the following effects:

	2017	2016
Effect of a 1% Increase in Health Care Cost Trend Rates:		
Total of service cost and interest cost	\$932	\$1,194
Postretirement benefit obligation	17,860	19,991
Effect of a 1% Decrease in Health Care Cost Trend Rates:		
Total of service cost and interest cost	(774)	(994)
Postretirement benefit obligation	(15,119)	(16,950)

13. The Company has a noncontributory defined benefit pension plan whereby the benefits are based upon years of service and the employee's career average compensation. The plan is funded through a pension trust (Amica Pension Fund). SSAP No. 102, "Accounting for Pensions, A Replacement of SSAP No. 89" became effective January 1, 2013. This SSAP requires that any unfunded defined benefit pension amounts, as determined when the projected benefit obligation exceeds the fair value of plan assets, to be recognized as a liability under SSAP No. 5R. Such liability is required to be reported in the first quarter statutory financial statement after the transition date with a corresponding entry to unassigned funds.

The following provides the status of the Pension Fund and supplemental retirement plans covering employees of Amica Mutual Insurance Company and Amica Life Insurance Company as of December 31, 2017 and 2016:

Pension Benefits	Overfunded		Underfunded	
	12/31/17	12/31/16	12/31/17	12/31/16
Benefit obligation	(\$1,443,866)	(\$1,321,481)	(\$70,859)	(\$60,425)
Plan assets at fair value	1,940,952	1,737,836	0	0
Funded status	\$497,086	\$416,355	(\$70,859)	(\$60,425)

(Continued)

AMICA LIFE INSURANCE COMPANY
(A Wholly Owned Subsidiary of Amica Mutual Insurance Company)

Notes to Statutory Financial Statements
(in thousands)

December 31, 2017 and 2016

The non-vested liability is reflected in the benefit obligation on the above table for December 31, 2017 and 2016. The adoption of SSAP No. 102 for the Pension Fund did not have a surplus impact on Amica Mutual Insurance Company and Amica Life Insurance Company as the pension plan was overfunded by more than the transition liabilities. At transition, Amica Mutual Insurance Company recognized \$346,824 in unrecognized transition obligations, prior service costs, and unrecognized losses as components of the ending balance of unassigned funds as of January 1, 2014.

At transition, \$17,094 was recognized for supplemental pension benefits in unrecognized transition obligations, prior service costs, and unrecognized losses as components of the ending balance of unassigned funds as of January 1, 2013. This recognition resulted in an additional \$16,788 liability recorded on Amica Mutual Insurance Company's financial statement at January 1, 2013 with the remaining \$306 recorded as a liability on the financial statements of Amica Life Insurance Company.

In addition to pension benefits, Amica Mutual Insurance Company and Amica Life Insurance Company provide certain health care and life insurance benefits ("post retirement") for retired employees. Substantially all employees may become eligible for these benefits if they reach retirement age while working for the Companies and satisfy certain service requirements. SSAP No. 92, "Accounting for Postretirement Benefits Other Than Pensions, A Replacement of SSAP No. 14" became effective January 1, 2013. This SSAP requires that any underfunded postretirement benefit amounts, other than pensions, as determined when the projected benefit obligation exceeds the fair value of plan assets, to be recognized as a liability under SSAP No. 5R.

The following provides the status of the Postretirement Health Care Benefit Plans covering employees of Amica Mutual Insurance Company and Amica Life Insurance Company as of December 31, 2017 and 2016:

Postretirement Benefits	Overfunded		Underfunded	
	12/31/17	12/31/16	12/31/17	12/31/16
Benefit obligation	\$0	\$0	(\$425,682)	(\$407,688)
Plan assets at fair value	0	0	339,721	301,282
Funded status	\$0	\$0	(\$85,961)	(\$106,406)

The non-vested liability is reflected in the benefit obligation on the above table for December 31, 2017 and 2016. The Companies elected to utilize the minimum transition option reflected in Paragraph 103 of SSAP No. 92 for the postretirement health care plan. The Company elected to recognize the full transition liability for retiree life benefits upon adoption. This recognition resulted in an additional \$3,659 liability recorded on the Parent's financial statement at January 1, 2015 with the remaining \$130 recorded as a liability on the financial statements of the Company.

14. The Companies elected to phase in the transition liability relating to postretirement health care benefits under the transition guidance set forth in SSAP No. 92, "Accounting for Postretirement Benefits Other Than Pensions, A Replacement of SSAP No. 14". The total transition liability for the postretirement health care benefits was \$169,973 resulting in a minimum transition liability of \$16,997 after applying the guidance in paragraphs 103bi and 103bii. A total of \$144,359 of the transition liability was recognized at December 31, 2016 resulting in an unrecognized transition liability of \$25,614 as of December 31, 2016. In accordance with the guidance, Amica Mutual Insurance Company's share of the cumulative transition liability recorded on the financial statements was \$148,539 on December 31, 2017, with \$15,560 recognized in 2017 and 2016. The remaining \$7,729 was recorded on the Company's financial statements with \$1,437 recognized in 2017 and 2016.

AMICA LIFE INSURANCE COMPANY
(A Wholly Owned Subsidiary of Amica Mutual Insurance Company)

Notes to Statutory Financial Statements
(in thousands)

December 31, 2017 and 2016

The following table includes the 2017 transition surplus activity:

Transition liability	
Beginning of year	(\$25,614)
Recognized during year	16,997
End of year funded status	(\$8,617)

The anticipated amortization of the remaining transition liability is as follows:

Years	Anticipated Amortization
2018	\$8,617

The Company's share of anticipated amortization is \$729 for 2018.

F. Description of Investment Policies

The assets of the qualified defined benefit pension plan (the "Pension Fund") and postretirement benefit plans (the "Retiree Medical Trust") are managed with the objective of providing the lowest risk of nonpayment of benefits to the plan participants or retirees. Assets are invested to complement the structure and characteristics of the corresponding liabilities. Assets allocations are structured to provide funding of near and mid-term liabilities through interest income, dividends, and maturities and principle pay-downs of fixed-income instruments. Investments in equity securities are intended to provide capital appreciation in support of the Plans' longer-term obligations. Other investments include short-term investments used to manage the short term liquidity of the assets and alternative investment funds intended to provide additional diversification.

Investments in equity securities consist of a well-diversified portfolio of common stocks and mutual funds and are intended to provide capital appreciation in support of the Plans' longer-term obligations. Other investments include short-term investments used to manage the short-term liquidity of the assets and alternative investment funds intended to provide additional diversification. Fixed-income security purchases, unless prior approval is obtained from the Board of Trustees, will be investment grade with an emphasis on liquidity. Securities that subsequently fall below investment grade will never represent more than 5% of invested assets. All bonds are payable in U.S. dollars, and bonds issued by foreign entities cannot exceed 5% of total investments. The fixed-income portfolio will have convexity that is approximately neutral (zero). Bond portfolio duration will be maintained at 8-12 years.

The overall expected rate of return on plan assets was selected by considering the historical returns of equity and fixed income markets in conjunction with the current economic and financial market conditions.

The investment manager of the Pension Trust and Retiree Medical Trust may not deviate significantly from the targeted asset allocation percentages without prior approval from the trustees of the various plans. The Pension Trust and Retiree Medical Trust assets are not invested in derivatives and such investment would require prior consent from the trustees. The Pension Trust and the Retiree Medical Trust have no fee interests in real estate.

G. Fair Value of Plan Assets

1. Fair Value Measurements of Plan Assets at Reporting Date:

Pension Fund				
2017	Level 1	Level 2	Level 3	Total
Assets at Fair Value:				
U.S. Government and Federal Agencies	\$81,752	\$128,183	\$0	\$209,935
State and political subdivisions	0	177,448	0	177,448
Corporate debt securities	0	170,181	0	170,181
Common stocks	880,952	0	0	880,952
Cash equivalents and short-term investments	0	53,177	0	53,177
Commercial mortgage loans	0	11,575	0	11,575
Other invested assets	0	0	444,703	444,703
Total assets at fair value	\$962,704	\$540,564	\$444,703	\$1,947,971
2016				
	Level 1	Level 2	Level 3	Total
Assets at Fair Value:				
U.S. Government and Federal Agencies	\$71,396	\$104,951	\$0	\$176,347
State and political subdivisions	0	173,011	0	173,011
Corporate debt securities	0	136,585	0	136,585
Common stocks	855,150	0	0	855,150
Short-term investments	0	50,737	0	50,737
Commercial mortgage loans	0	4,596	0	4,596
Other invested assets	0	0	327,617	327,617
Total assets at fair value	\$926,546	\$469,880	\$327,617	\$1,724,043

The above does not reflect the changes of ASU 2015-07 for disclosing other invested assets measured at net asset value per share, or its equivalent. As a result, certain level 3 investments shown above are not leveled on the audited GAAP statements of the Amica Pension Fund. The Company will make these changes on the statutory financial statements upon the adoption of the NAIC revisions to SSAP. 100R, which is effective January 1, 2018.

Level 1 financial assets are comprised of US Treasury Bonds and actively traded exchange-listed equity securities, as well as several actively-traded diversified mutual funds. The Company uses quoted market prices provided by an independent pricing service to determine the fair values.

Level 2 financial assets are comprised of debt securities and mortgage loans whose quoted prices are provided by an independent pricing service. Cash equivalents and short-term investments are stated at cost or amortized cost, which approximates fair value.

Level 3 financial assets consist of holdings in limited partnership hedge funds and private equity investments. The values of the funds are based on the Pension Trust's ownership percentage of the investment or obtained from the issuer.

2. Fair Value Measurements in Level 3 of the Fair Value Hierarchy

	Pension Fund		Postretirement Health Care	
	2017	2016	2017	2016
Balance at beginning of year	\$327,617	\$291,856	\$51,281	\$45,997
Total gains/losses (realized/unrealized) included in net increase (decrease) in net assets available for benefits	82,262	13,100	12,074	1,982
Purchases	90,794	35,662	7,855	5,297
Sales	(55,970)	(13,001)	(5,414)	(1,995)
Issuances	0	0	0	0
Settlements	0	0	0	0
Transfers into Level 3	0	0	0	0
Transfers out of Level 3	0	0	0	0
Balance at end of year	\$444,703	\$327,617	\$65,796	\$51,281

Note 7 - Equipment and Furnishings

Major classes of equipment and furnishings were as follows:

Asset Class	Cost	Accumulated Depreciation	Net Book Value	Non-admitted	Admitted	Depreciation Expense
2017						
Computer equipment & software	\$3,962	\$3,824	\$138	\$138	\$0	\$200
Furniture and equipment	9,205	5,820	3,385	3,385	0	62
Total	\$13,167	\$9,644	\$3,523	\$3,523	\$0	\$262
2016						
Computer equipment & software	\$3,998	\$3,636	\$362	\$362	\$0	\$271
Furniture and equipment	8,764	5,597	3,167	3,167	0	93
Total	\$12,762	\$9,233	\$3,529	\$3,529	\$0	\$364

Depreciation expense on furniture and equipment of \$62 and \$93 is net of reimbursement from the Parent Company of \$864 and \$811 for 2017 and 2016, respectively.

There were no write-downs to fair value for equipment and furnishings in 2017 and 2016.

(Continued)

AMICA LIFE INSURANCE COMPANY
(A Wholly Owned Subsidiary of Amica Mutual Insurance Company)

Notes to Statutory Financial Statements
(in thousands)

December 31, 2017 and 2016

The change in deferred income taxes reported in surplus before consideration of non-admitted assets is comprised of the following components:

	2017	2016	Change
Total deferred tax assets	\$25,766	\$40,993	(\$15,227)
Total deferred tax liabilities	19,432	27,054	(7,622)
Net deferred tax assets/(liabilities)	6,334	13,939	(7,605)
Statutory valuation allowance adjustment	(6,334)	(13,589)	7,255
Net deferred tax assets/(liabilities) after valuation allowance	0	350	(350)
Tax effect of unrealized gains (losses)	5,068	6,426	(1,358)
Statutory valuation allowance adjustment allocation to unrealized	0	0	0
Change in net deferred tax	\$5,068	\$6,776	(\$1,708)

In accordance with NAIC Statutory Accounting Principles, the Company recognizes deferred tax assets and liabilities for the expected future consequences of events that have been included in the financial statements. Deferred tax assets and liabilities are determined on the basis of differences between the financial statement and tax bases of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse.

On December 22, 2017 the Tax Cuts and Jobs Act (the Act) was enacted into law, reducing the Federal tax rate from 35% to 21%, effective for taxable years after December 31, 2017. As a result, the Company revalued its deferred tax assets and liabilities at December 31, 2017 to reflect the enacted rate of 21% for future reversals of deferred tax items. Consequently, deferred tax assets were reduced by \$16,617 and deferred tax liabilities were reduced by \$12,400, causing a decrease to net deferred tax assets of \$4,216 at December 31, 2017. Since the Company carries a valuation allowance, the impact of the change in tax rates is surplus neutral.

The net decrease is reflected in the net change in unrealized capital gains line and the change in net deferred income tax line of the Statutory Statements of Capital and Surplus as shown in the following table:

	Increase (Decrease) to Surplus			
	Pre Tax Reform	Tax Reform Effect	Valuation Allowance	Post Tax Reform
(Tax) benefit on change in net unrealized capital gains	(\$2,021)	\$3,379	\$0	\$1,358
Change in net deferred income tax	(1,018)	(7,595)	7,255	(1,358)
Net impact	(\$3,039)	(\$4,216)	\$7,255	\$0

The Company was able to determine a reasonable estimate for certain effects of tax reform on tax reserves and recorded the estimate as a provisional amount in our deferred inventory as of December 31, 2017. The impact of this recorded estimate is surplus neutral, as any increases in deferred tax assets were offset by increases in deferred tax liabilities. In accordance with INT-18-01, "Updated Tax Estimates Under the Tax Cuts and Jobs Act", the Company will continue to apply the tax law in effect immediately before enactment of the Act and will continue to work in good faith to complete the accounting changes.

Change in non-admitted assets	(130)	-1.0%	(38)	-0.3%
Change in XXX reserves	(3,557)	-30.1%	(3,749)	-30.6%
Change in statutory valuation adjustment	(7,255)	-61.4%	13,589	110.9%
Reserve adjustments	(2)	0.0%	(129)	-1.0%
Other	409	3.4%	(119)	-1.0%
Total	\$359	3.1%	\$12,972	105.9%
Federal income taxes incurred	(\$4,357)	-36.9%	(\$3,541)	-28.9%
Tax on capital gains (losses)	3,008	25.5%	2,704	22.1%
Change in net deferred taxes	1,708	14.5%	13,809	112.7%
Total statutory income taxes	\$359	3.1%	\$12,972	105.9%

F. Operating Loss and Tax Credit Carryforwards

1. At December 31, 2017 and 2016, the Company did not have any unused operating loss carry forwards available to offset against future taxable income. At December 31, 2017, the Company had the following unused tax credit carryforwards available:

Type	Amount	Origination Date	Expiration Date
Foreign Tax Credit	\$37	2016	2026

2. The Company did not have any Federal income taxes incurred and available for recoupment in the event of future net losses.
3. The Company did not have any protective tax deposits under Section 6603 of the Internal Revenue Code.

G. Consolidated Federal Income Tax Return

Prior to 2017, the Company filed its Federal income tax return on a standalone basis and elected not to consolidate with its Parent. For 2017, the Company's Federal income tax return will be consolidated with the following entities:

- a. Amica Mutual Insurance Company
- b. Amica General Agency, LLC
- c. Amica Property and Casualty Insurance Company

AMICA LIFE INSURANCE COMPANY
(A Wholly Owned Subsidiary of Amica Mutual Insurance Company)

Notes to Statutory Financial Statements
(in thousands)

December 31, 2017 and 2016

Note 9 - Investment Contracts

The Company issues certain life and annuity products which are considered financial instruments. The carrying value and estimated fair value of these liabilities at December 31, 2017 and 2016 are presented below:

	2017		2016	
	Carrying Value	Fair Value	Carrying Value	Fair Value
Supplementary contracts without life contingencies	\$9,532	\$9,788	\$8,785	\$9,029
Deferred annuities	351,967	348,602	357,205	353,925
Immediate annuities without life contingencies	133,057	148,753	145,971	163,400
Total financial liabilities	<u>\$494,556</u>	<u>\$507,143</u>	<u>\$511,961</u>	<u>\$526,354</u>

Note 10 - Life, Annuity and Deposit-Type Contracts and Reinsurance – Benefits and Reserves

The Company waives deduction of deferred fractional premiums upon death of insured and returns any portion of the final premium beyond the date of death. Surrender values are not promised in excess of the legally provided reserves. Extra premiums are charged for substandard lives plus the gross premium for a rated age. Mean reserves are determined by computing the regular mean reserve for the plan at the rated age and holding, one-half (1/2) of the extra premium charge for the year.

As of December 31, 2017 and 2016, respectively, the Company had \$5,136,645 and \$4,952,279 of insurance in force for which the gross premiums are less than the net premiums according to the standard valuation set by the State of Rhode Island.

Tabular interest, tabular less actual reserves released, and tabular cost has been determined by formula as outlined in the Annual Statement instructions.

The amount of annuity actuarial reserves and deposit liabilities by withdrawal characteristics is as follows:

	2017	2016
Subject to discretionary withdrawal:		
With market value adjustment	\$0	\$0
At book value less surrender charge	7,585	7,271
At fair value	0	0
Total with adjustment or at market value	<u>\$7,585</u>	<u>\$7,271</u>
At book value without adjustment	344,385	349,938
Not subjected to discretionary withdrawal	220,828	233,508
Total annuity actuarial reserves and deposit funds liabilities, net	<u>\$572,798</u>	<u>\$590,717</u>

Total	\$1,465	\$32,141	\$2,710	\$29,821

Note 12 - Related Parties

The Company recorded a payable to its Parent of \$150 and \$182 at December 31, 2017 and 2016, respectively. The payable represents end of the year intercompany transactions and the terms of the agreement require that these amounts are settled within fifty-five days.

The Parent allocated a portion of the postretirement benefit expense to the Company under an expense allocation arrangement. During 2017 and 2016, expenses of \$1,183 and \$1,191, respectively, were allocated to the Company.

During 2017 and 2016 premiums of approximately \$4,688 and \$4,449, respectively, were paid to the Company by the Parent for the group life insurance on lives of its employees and retirees.

The Company was reimbursed \$1,771 and \$1,800 in 2017 and 2016, respectively, by its Parent for leasing motor vehicles owned by the Company.

The Company received premiums from its Parent of \$2,190 and \$11,566 in 2017 and 2016, respectively, for the purchase of individual annuities to cover certain claims which had been settled by its Parent on a structured basis.

The Company recorded a reimbursement to its Parent of \$2,261 and \$2,261 at December 31, 2017 and 2016, for personnel and facility expenses incurred.

The Company is subject to certain statutory restrictions on payment of dividends to its Parent. These restrictions are based on earned surplus and net gain from operations. The maximum dividend payout which would have been allowed without prior approval of the Insurance Commissioner of the State of Rhode Island under Rhode Island Business Corporation Law in 2017 and 2016 was \$10,297 and \$5,003, respectively. No dividends were paid in 2017 or 2016.

Effective January 1, 2009, the Company entered into a line of credit agreement with its Parent, Amica Mutual Insurance Company. The line of credit agreement allows the Company to draw advances from Amica Mutual for up to \$250,000. Any draw upon the line of credit by the Company must be repaid in full, with interest, within three years from the date of advance. The advances shall carry a fixed interest rate of one-percent above the Prime Rate in Interest on the date of any advance. Interest shall accrue on the principal sum of any outstanding advances on a monthly basis. The Company did not make any draw downs under the line of credit during 2017 or 2016.

On April 20, 2016, the Board of Directors of Amica Mutual authorized up to \$150,000 in capital contributions to Amica Life to support the Company's ongoing growth initiatives. The timing and amount of any capital contributions are at the discretion of the President of Amica Mutual, with an initial contribution of \$25,000 occurring on January 3, 2017. Subsequently, on January 2, 2018, the Company received the second \$25,000 capital contribution. The timing and amount of the remaining \$100,000 will be determined by the President of Amica Mutual.

AMICA LIFE INSURANCE COMPANY
(A Wholly Owned Subsidiary of Amica Mutual Insurance Company)

Notes to Statutory Financial Statements
(in thousands)

December 31, 2017 and 2016

The Consolidated Federal Income Tax Agreement between Amica Mutual and affiliates was amended in 2017 to include the Company. See Note 8G for further information.

Note 13 - Risk Based Capital

Risk Based Capital (RBC) is intended to identify companies that are in financial difficulty by establishing minimum capital needs based on the risks applicable to the operations of the individual company. The calculation of RBC for the Company was above the minimum required level at December 31, 2017 and 2016.

Note 14 - Guaranty Fund and Other Assessments

The Company is subject to guaranty fund and other assessments by the states in which it writes business. Guaranty fund assessments are accrued at the time of insolvencies. Other assessments are accrued:

1. Upon receipt of assessment, or
2. At the time premiums are written, in the case of premium based assessments, or
3. At the time losses are incurred, in the case of loss based assessments.

The Company has accrued a liability for guaranty fund and other assessments of \$1,787 and \$1,808 at December 31, 2017 and 2016 respectively. This represents management's best estimates based on information received from the states in which the Company writes business and may change due to many factors including the Company's share of the ultimate cost of current insolvencies. The Company has not recorded a related asset as of December 31, 2017.

Note 15 - Non-Admitted Assets

Certain assets, designated as non-admitted assets, have been excluded from the statutory financial statements and charged directly against surplus. A summary of these non-admitted assets follows:

Description	2017	2016
Furniture and other equipment, net	\$3,523	\$3,529
Supplemental pension benefits	1,750	1,702
Other	461	130
Total non-admitted assets	<u>\$5,734</u>	<u>\$5,361</u>

Note 16 - Subsequent Events

Subsequent events have been considered through February 7, 2018 for the statutory statement issued on February 7, 2018 and through May 7, 2018 for the audited financial statements issued on May 7, 2018.

1. On January 2, 2018, the Company received a \$25,000 capital contribution from its parent, Amica Mutual Insurance Company. This contribution is intended to provide additional support with regard to the Company's growth initiatives. The timing and amount of any capital contributions are at the discretion of the President of Amica Mutual Insurance Company.

There were no other events occurring subsequent to the end of the year that merited recognition or disclosure in these statements.
